What is the HUD-VASH Program?

The HUD-VASH program is a collaboration between the U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Veterans Affairs Supported Housing (VASH) program to help homeless veterans and their immediate families find and maintain affordable, safe, and permanent housing in the community.

If you need assistance with NJ HUD-VASH, call 908-647-0180, Ext 6654 or 6642.

HUD-VASH Eligibility Criteria

The HUD-VASH program is for veterans who:

- are eligible for VA health care services;
- are currently and chronically homeless;
- have a need for ongoing case management because of medical, mental health, substance abuse, or other life problems that are now stabilized;
- are ready for independent housing in the community but need ongoing case management services to maintain it;
- have some type of income to pay for their housing;
- are motivated to improve the quality of their lives by working with a VA case manager and participate in activities that promote independence.

NOTE: Veterans and immediate family members subject to a lifetime registration requirement under a state sex offender registration program are not eligible for HUD-VASH because they will not be able to obtain a Section 8 housing voucher.

What is the SSVF Program?

The Supportive Services for Veteran Families (SSVF) program was established in 2011 to promote housing stability among homeless and at-risk Veterans and their families. Under the SSVF program, VA awards grants to private non-profit organizations and consumer cooperatives that can provide a range of supportive services to eligible very low-income Veteran families. Services include outreach, case management, assistance in obtaining VA benefits, and help in accessing and coordinating other public benefits. SSVF grantees can also make time-limited temporary payments on behalf of Veterans to cover rent, utilities, security deposits and moving and storage costs, transportation and childcare.

SSVF Eligibility Criteria

1. Veteran must have at least one day of active duty in the armed forces. Veteran's discharge status can be anything but dishonorable. Status can be medical, general, under honorable conditions and other than honorable.
2. Veteran's Household income has to be at no more than 50% of the Median Area Income.
3. Veteran also has to be facing eviction or living in a place not meant for human habitation. A Veteran who is defined as literally homeless is currently residing in a Shelter, a vehicle, sleeping in hallways, rooftops, abandoned buildings, etc.

Other Veteran Programs

Health Care for Homeless Veterans (HCHV)

This program provides community outreach, case management and a range of other services to help homeless veterans get back on their feet.

Residential Treatment Programs

These short-term programs provide comprehensive rehabilitation. Based on their goals, veterans are assisted with meeting health and mental health needs including vocational services, relapse prevention planning, and developing skills for successful community integration.

Compensated Work Therapy / Veterans Industries (CWT / VI)

These programs help veterans transition to employment after an extended absence from the work force by providing a short-term supportive work experience at local VA Medical Centers.

Grant & Per Diem (GPD)

This program allows VA to provide grants and per diem payments to assist public and non-profit organizations to establish and operate transitional supportive housing. Veterans can remain in Grant & Per Diem housing for up to 24 months.
