

APPLIANCE RECYCLING

PSE&G will haul away your old, working appliances for recycling.

Program Benefits:

- A \$50 rebate for each refrigerator or freezer—plus an additional \$25 rebate for each room air conditioner or dehumidifier picked up at the same time
- Free pickup and haul-away
- Environmentally responsible recycling and disposal

Get started today at

<https://homeenergy.pseg.com/recycling>

To participate, you must be a current PSE&G customer receiving residential electric service (or a Butler Electric customer receiving PSE&G residential gas service). Your refrigerator or freezer must be 10 to 30 cubic feet and in working order. Please note that Sub-Zero brand appliances are not eligible for this program. You must be the owner of the appliances you want to recycle, and the appliances need to be located at your PSE&G billing address.
